

(Prior Art)

This diagram shows a side cross-section of a vehicle door latch assembly. The main body of the latch is labeled 10. At the front end, there is a hook-shaped member 17 and a cam member 15b. The cam member 15b has a curved surface 16. On the opposite end, there is a bolt 18 passing through a plate 11, secured by a nut 12 and a washer 13. A spring 14 is shown at the rear end, connected to the main body 10.
